

The 6th Annual International
Headache Symposium in Israel

October 27, 2022

Hotel
Daniel
Herzilya

08:00-08:30 **Registration and Gathering**

08:30-08:45 **Greetings** - Oved Daniel and Arieh Kuritzky (Israel)

08:45-09:05 **Molecular signaling pathways in migraine: update** - Messoud Ashina (Denmark)

09:05-09:25 **What to do when nothing works** - Alex Mauskop (USA)

09:25-09:45 **Variability in migraine epidemiology: lessons learned in southern Israel** - Gal Ifergane (Israel)

09:45-10:05 **Connecting the line between dizziness, occipital headache, muscle tenderness and the cerebellum** – Sait Ashina (USA)

10:05-10:25 Coffee break and visit the exhibition

10:25-10:45 **Open-label studies: do they have any value?** - Cristina Tassorelli (Italy)

10:45-11:05 **Psychedelic compounds for the treatment of headache disorders** - Amnon Mosek (Israel)

11:05-11:25 **Dys-synchronization of alpha waves in migraine with aura: when the entire cortex is disorganized-** Oved Daniel (Israel)

11:25-11:45 **Are there any predictors of response to migraine treatment?** - Piero Barbanti (Italy)

11:45-12:05 **Efficacy of CGRP Modulators in Israel - Real World Data** - Roni Sharon (Israel)

12:05-12:25 **Spontaneous intracranial hypotension - an update on diagnosis and management** - Abraham Ashkenazi (Israel)

12:25-13:10 Lunch break and visit the exhibition

Sponsored Sessions

13:10-13:30 **Targeting CGRP receptor vs. ligand- which option is efficacious and safer in Migraine prevention?** Nirit Lev (Israel)  **NOVARTIS**

13:30-13:50 **Differences and similarities between CGRP-mAbs and small molecule CGRP antagonists** - Rami Burstein (USA)  **abbvie**

13:50-14:10 **A new era in the acute care and prevention of migraine** - Alan Rapoport (USA)* 

*The program and details are subject to change

14:10-14:30 **Impact of anti-CGRP in patients with migraine: what the eye can't see** - Patricia Pozo Rosich (Spain)  **teva**

14:30-15:00 **Open Discussion/Debate** - All speakers
